Subject: RE: Convoy Updates - February 2nd

GOC midday update. Still reporting minimal people on the Hill and Wellington.

New information in bold as of 12:00 EST, 02 Feb

Overview

- Effective 15 Jan, COVID-19 vaccination became mandatory for all truckers entering Canada from the US to avoid a two-week quarantine and a negative COVID-19 test before arrival.
- Similarly, beginning on 22 Jan, non-US essential workers who are crossing land borders must be fully vaccinated.

Key Points

Details on Demonstrations

- **As of 02 Feb:**
 - o Little to no people currently on Parliament Hill, minimal people are on Wellington and surrounding streets.
 - o **Reports received of a potential counter protest.**
 - o **There is an expectation there will be additional convoys coming to Ottawa this weekend.**
- Feds dismiss suggestion they should 'step in' as trucker convoy protests continue – [Link](#)
- Demonstration in the NCR has scaled down over the past 24 hours.

- **Police charge two Ottawa men following protest-related investigations** – [Link](#)
- **In the last few days**, several invitations have been sent out on social networks to call on the population to go and demonstrate to demand an end to the state of emergency and health measures in QC. [Link](#)
 - Convoys of cars and trucks are planning to leave from several locations in QC. The arrival in Québec City of a large part of the demonstrators is scheduled for early afternoon 05 Feb.
- Demonstration continues the border point of entry at Coutts, AB.
 - **RCMP officers attempted to get traffic moving at the blockade on 01 Feb, however, they stood down as a result of safety concerns.** – [Link](#)
 - **Some vehicles had left peacefully but others, including tractors, drove through police roadblocks to join the blockade.**
- **In addition to the event in Ottawa, a Mariners for Freedom vessel parade is being planned across Canada, reportedly aiming to “protest in ports and all over Canadian shipping lanes.”**
 - **The movement’s Facebook page had gained over 7,000 members by 01 Feb, and an additional 5,000 members in the past 12 hours.**
 - **The event is planned for 04 Feb at 13:00 local time at participant ports. While disruptive activity is not being considered for 04 Feb, consideration is being given to disrupting commercial marine transportation in future events should demands not be met.**

Preparedness and Response efforts

- The GOC will host Significant Event Information Sharing Protocol (SEISP) teleconferences with partners at TBS and PCO on an ad hoc basis for the remainder of the week.
- On 29 Jan, a NOTAM was issued for airspace restriction over Parliament Hill and has been extended until 07 Feb.
- **On 01 Feb, the Request for Federal Assistance (RFA) from Ontario for access to Cartier Square Drill Hall parking lot in Ottawa for use as a staging area concluded as the space is no longer required.**
- Health-care workers and patients feeling pressure from the ongoing demonstrations. [Link](#)
 - As downtown streets remain congested with protesters, there have been challenges for paramedics to reach people who require assistance.
- Ottawa Police Service (OPS) additionally reports the following:
 - No violence took place in the NCR despite national protest for a wide variety of causes.
 - Continue to avoid nonessential travel to the down town core.
- OPS and Ontario Provincial Police resources continue to address areas of tension with truckers/demonstrators and maintaining public safety is the number one priority.
- For information on [planned traffic routes and road closures](#).
- For updates on the [City of Ottawa road closures and traffic](#) or via social media [@Ottawa_Traffic](#) and [@Ottawa_Circule](#).

Overall Assessment: (derived from information available on open sources):

- The majority of the event was peaceful.
- Since most government employees are working remotely, the disruption to government activities is so far minor.
- There is currently no known end time for the demonstrations, **however it has continued to scale down in the last 24 hours.**

Subject: Convoy Updates - February 2nd

Good morning sir,

Update on Coutts through PCO below. GOC's mid-day update should be up soon, little of note from the RCMP sit-reps so far. No demonstrators reported on the Hill and Wellington thus far.

- On February 2, 2022 as of 07:00hr MT the highway north of the port of Coutts remains blocked and the gates at the port remain closed to traffic.
- Blockade points have moved several times – each time the RCMP set up a check point, they protesters have repositioned. Due to new blockade locations (further up Hwy #4 and elsewhere) new routes to/from the port of Coutts have been identified for staff to travel safely and avoid chokepoints
- The POE has no changes to report. All evening shift employees arrived at the POE and day shift employees returned home safely yesterday.
- Tensions continued to escalate at the blockade and media reports from yesterday indicate that things turned violent after some protesters breached police barriers and some RCMP officers were reportedly attacked.
- The Prairie Region has been advised by the RCMP that due to the lack of availability of Canadian-based towing operators (due to intimidation and 'doxxing' of towing operators by protestors on social media) that a request to grant the entry of US-based towing operators and exempt the drivers from the work permit requirement (emergency services) is expected to be received early today.
- An extreme cold weather warning is in effect for all of Southern Alberta – with extreme cold wind chill values between minus 40 and minus 45.
- All regional operations were advised of the RCMP enforcement action that was initiated at Coutts AB last evening and advised to be on the lookout for sympathetic protest activity in the vicinity of CBSA POEs nationally
- Remaining protest activity nationally is not impacting POE operations.
